CTK'S GLOBAL PRESENCE & 2022 SALES MIX

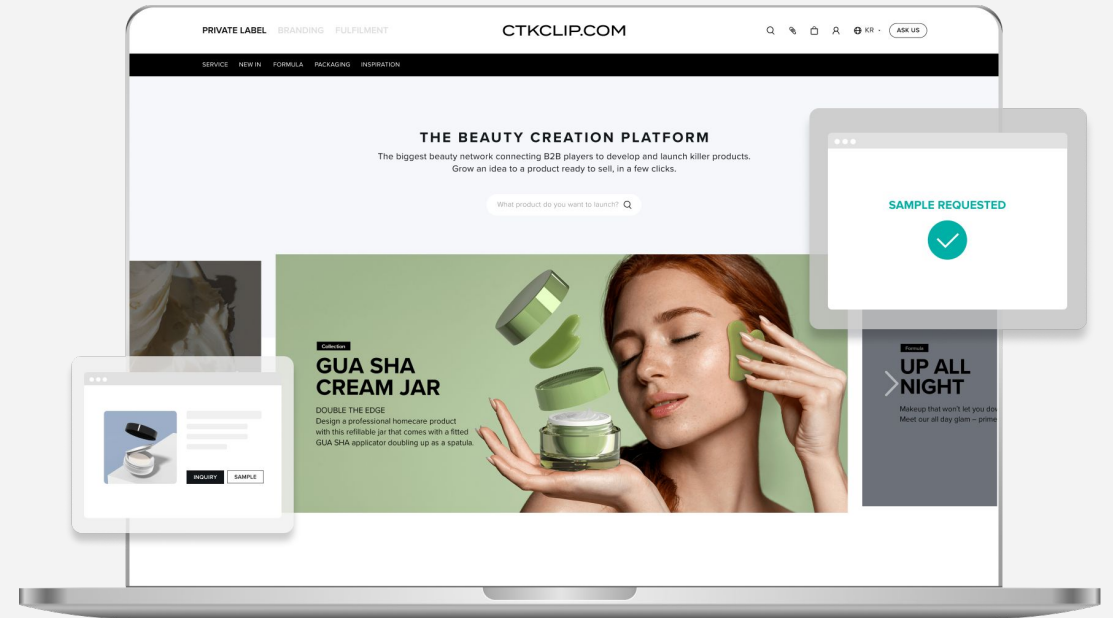

DIGITAL SHIFT

We are now digitalizing our services through CTKCLIP to expand our reach worldwide and overcome the constraints of time and space. With a fast growing partner and user base, we're achieving exponential growth, tapping into new markets and utilizing data to drive beauty innovations.

GLOBAL BEAUTY CREATION PLATFORM

- 2000+ formulas and packaging options for your next product launch
- 200+ partners' products & in-house innovations all at a glance
- 20+ years of CTK's expertise conveyed online
- 12000+ users from 108 countries
- One stop solution for branding, manufacturing and fulfillment
- The complete spectrum of beauty products, all in one place.

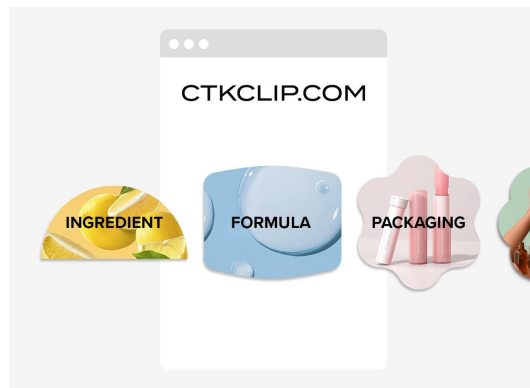

[DISCOVER MORE >](#)

CTKCLIP.COM

Our revolutionary B2B digital platform, connecting beauty industry players to collaborate, innovate and bring killer products to market.

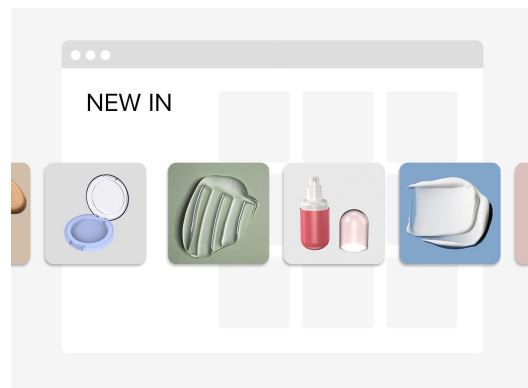

NETWORK

Get access and inquire about products sourced from CTK in-house R&D Center and across 200 partners around the globe. You can tap into our expertise anytime, anywhere.

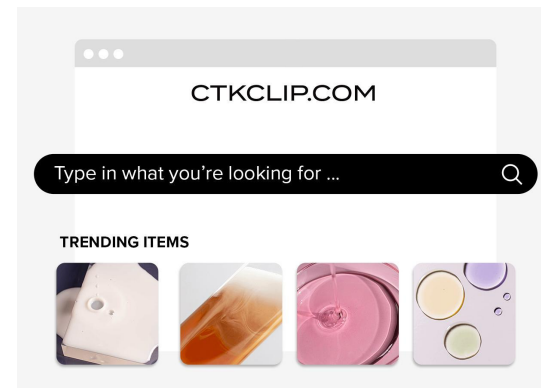

BIG DATA

We drive product development and innovation based on big data collected from online/offline sources. All products are scrupulously curated reflecting the latest trends and consumer needs.

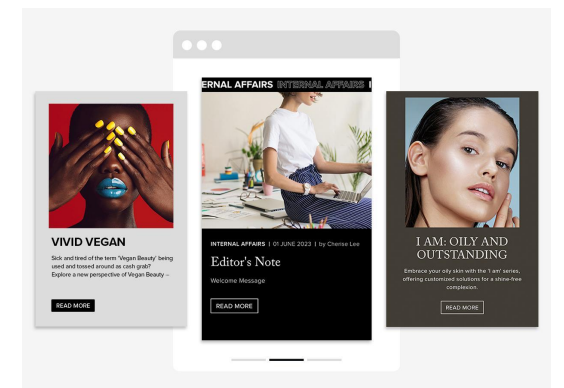

USER FRIENDLY

With convenient search and smart curation features, you can easily explore thousands of products categorized by theme, trends, and keywords.

CURATION

Get inspired by our specially curated content that dives in on upcoming beauty trends and explore related products that we know - will be a hit!

WHY CTK

CTK drives collaboration, partnering closely with industry leaders to create innovative products that blend ideas and technology. With our expansive network, global reach, and expertise, we reshape the beauty industry with groundbreaking solutions that redefine industry standards.

22 YEARS OF EXPERTISE

With a strong foundation in packaging engineering, formula R&D, and global quality management, CTK is a trusted leader in the beauty industry. Our experience and commitment to excellence ensure the highest quality and innovative solutions for our clients, meeting global standards.

200+ PARTNERS

We have cultivated strategic partnerships with over 200 industry-leading companies, including R&D centers, manufacturers, and suppliers. These collaborations allow us to tap into a vast network of resources, enhancing our ability to provide comprehensive solutions to meet our clients' needs.

300+ PATENTS

With a strong emphasis on innovation, we hold over 300 domestic and international patents. Our extensive portfolio covers a wide range of areas, including formula, packaging engineering, design, and trademarks, showcasing our commitment to pushing boundaries and driving industry transformation.

2000+ GLOBAL CLIENTS

Our client base spans across more than 2000 satisfied customers worldwide. From renowned beauty brands to emerging companies, we have built strong relationships by delivering exceptional products and services that are tailored to their unique needs.

9 LANGUAGES SPOKEN

Our multinational team is fluent in Korean, English, French, Italian, Spanish, Japanese, Chinese, Russian, and Malay. This linguistic diversity empowers us to effectively communicate and collaborate with clients from different cultural backgrounds, ensuring seamless interactions throughout the project lifecycle.

WHY WE DO IT BETTER

CTK is composed of a team of dedicated experts in the B2B beauty industry, providing unrivaled creativity and expertise. With a combination of innovative ideas, accurate market forecasting, and strong technical prowess in engineering and R&D, we deliver comprehensive solutions that differentiate your beauty business in the global market.

OUR KEY STRENGTHS

FORMULA INNOVATION LAB

Through continuous research and collaborations, our formula innolab uncovers new technologies and formulas, which fuel our innovation and the introduction of groundbreaking products offering.

Our focus on sustainable development and customer satisfaction drives us to constantly improve and deliver edge-cutting offerings.

-
- Clean/Natural formula
 - Functional formula (OTC, sun protection, moisturizing, anti-aging, etc.)
 - New, innovative materials
 - K-beauty, global trend innovations

PACKAGING INNOVATION LAB

Through market research and communication with clients and partners, our packaging innolab prioritize the development of new mechanism designs, and eco-friendly cosmetics packaging.

With a focus on structural and design refinement, we create top-quality products from conceptualizing, prototyping to schedule management.

-
- Custom Design
 - Custom Mold development
 - Patented packaging

PRODUCT PLANNING

We provide a comprehensive solution for clients, guiding them from raw materials to formula and packaging. With a focus on creativity and client's vision, we curate products with ideal composition, functionality and efficacy.

As a K-beauty pioneer, we interpreted and adapted K-beauty trends into a global narrative, shaping countless trends and brands. Our award-winning products sold millions worldwide.

-
- Full turnkey solution
 - Product concept proposal
 - Packaging artwork design

QUALITY MANAGEMENT

We prioritize consistent quality and excellence by implementing stringent quality management processes and procedures to ensure the product safety and efficacy.

We utilize AI-based regulatory review solutions, to comply with stringent cosmetics regulations, laws, international standards, certification requirements, and customer specifications.

-
- ISO22716
 - GMP certified
 - 34 cosmetic regulations of 75 countries including USA/Canada/Europe/Australia
 - 30 retail regulations including Sephora/Ulta
